The CFC aims to make filming in Cambodia as straight-forward a process as possible.

As a first point of contact for filming in Cambodia, the CFC offers free comprehensive services to all kinds of production (feature films, TV programs, commercials, documentaries, institutional films, karaokes...), in order to facilitate the work of film crew.

- Preliminary identification of specific settings, consultation of the database and library footage & resources, assisting with location scouting.
- Providing information and advice about filming in Cambodia.
- Providing a network of professional contacts; linking with production services, crew (technicians, actors, extras), professionals and facilities.
- Providing a network of institutional contacts and assisting with administrative tasks and filming permits.
- Offering logistic support and guidance (special agreements for vehicle rentals, etc)
- Offering a production office for the preparatory work of your shooting (fully equipped with internet and facilities) to film crews.

Send us your script, your locations list and we'll get back to you with fine proposals :
