

Announcement Cinematography Workshop Recruitment

Cambodia Film Commission (CFC) is going to launch a Cinematography Workshop led by Director Bryan Norton from 16th to 18th December 2019.

Cambodia is full of stories and many young Cambodians are eager to tell them on the Big Screen, either by making films or being a part of the crews. However, most of them have a common problem: they have not gotten the opportunity to receive proper training that builds up their knowledge and develops their skills. Witnessing that, CFC is organizing a Cinematography Training focusing on essential camera work and lighting.

20 candidates will be selected to be trained, in both theory and technical approach for 3 consecutive days. Director, DOP, Cameramen, and Lighting Technician are encouraged to apply.

This training is organized by **Cambodia Film Commission** under the framework from **Ministry of Culture and Fine Arts**.

Recruitment criteria

- Being working in the film industry
- Experience in cinematography is much appreciated
- Being able to join training in mentioned period
- FREE of charge
